

Written Agreements: 3-2 and 3-3 Programs

The following are written agreements for Dual Degree Programs available to enrolled and prospective students as they matriculate at Dillard University. The definition of a Dual Degree Program is when a student enrolls in the institution, selects a major, and then completes 2 or 3 more years at an advanced level at another institution. after completing three years at DU. The Dual Degree programs allow the enrolled or prospective student the ability to acquire two degrees within a five/six year period resulting in both a bachelor degree and a master/medical degree. The agreements contain the portion of the educational program that DU is providing, the name and location of the other institution in the agreement, the method of delivery, and references to costs (if applicable). Mentions are made to these programs in the catalog and/or on the web. For more information, please contact the department where these programs are housed.
