

Dillard University Student Health and Wellness Center (SHWC) provides primary care and preventive health care services to all students enrolled in the university regardless of insurance coverage. Students must present their current school ID and insurance card for services. The center has a Medical doctor and full-time Family Nurse Practitioner on staff. The center provides physical examinations, preventive and primary care, chronic management of certain disease processes (Diabetes, Hypertension, Gastric Reflux, Asthma, and Atopic dermatitis), minor injuries and illnesses. The center has a brief number of over-the-counter (OTC) medications for cough/cold/sinus, minor burns, insect bites, rashes, and first-aid products available to the students if needed. [Click here](#) for other services provided. Prescriptive medications are not a part of the formulary; students are responsible for the cost of prescribed medications not covered by elected medical insurance coverage.
