Dillard University is pleased to introduce a state-of-the-art early warning system capable of sending notifications of impending emergencies/crisis situations to all registered mobile devices (via SMS/text messaging), PDAs, email addresses, text pagers, and RSS feeds. The system can also send real-time messages to anyone using Google, My AOL, My Yahoo, or Windows Live.

Signing up for this service is quick and easy:

1. [**CLICK HERE TO SIGN UP NOW!**](#)
2. Enter your personal information.
3. You will receive a text message on your chosen cellular device with a 4-digit validation code.
4. Enter the code when requested.
5. Log in to add your email address and another number (if desired).
6. Write down username and password.
7. You can also sign up to receive updates via email only; just click on "Email Alert Sign-up."

Please note:

Depending on the type of service you have with your cellular provider, you may incur a service charge for text messages. Dillard University will not be responsible for any charges incurred.

Dillard University reserves the right to test the system occasionally.

Please call (877) 551-5581 for Dillard's emergency information hotline.
