

Pardon our Progress!

Beginning Monday, February 13, the University will begin exterior construction upgrades to the Student Union and Professional Schools Building with enhanced walkways, lighting, and landscaping. Construction will also include completing the parking lot and gated entrance from Warrington Dr. to the Student Union Community Health Clinic.

Effective Sunday, February 12 at 5:00pm, the parking lot between Cook and the Student Union and portions of the PSB lot will close. The road beside Cook to the Student Union will close to vehicular traffic.

Please park in the Dent lot and allow an additional 15-20 minutes to your normal schedule. An additional shuttle has been added to the route that will loop main campus to assist you in getting from Dent to the PSB, Cook, and Student Union.

The Student Union will remain open for operation. Access will be via pedestrian walk-way on the road beside Cook to the Student Union. Please use the front entrances to enter PSB and Cook. Persons who need special accommodations as required by ADA are to contact University Police at 504-816-4911.

Construction will be completed by August 1, 2012.

Remember!

- Beginning Sunday at 5pm, park in the Dent lot.

- Allow an additional 15-20 minutes to your normal schedule.

- Use front entrances of Cook and PSB.
- Student Union remains open.
- Use pedestrian walk-way along road beside Cook to enter the Student Union.

For additional information, please contact Assistant Vice President for Facilities Mr. Keith McKendall at 504-816-4763.
