

Dillard University has partnered with the National Survey of Student Engagement (NSSE) to gauge students' perceptions of their educational experience. Click [here](#) to get started. If you do not know your username and password, provide your DILLARD EMAIL when prompted to do so.

This survey encourages freshmen and seniors to tell administrators and faculty about areas that matter: "level of academic challenge," "student-faculty interaction," "supportive campus environment," "enriching educational experiences," and "active and collaborative learning."

Thank you for participating.

[Freshmen and seniors, please click here to complete the NSSE.](#)
