

Skin Deep

Building Trust & Advancing Skin Health in Underserved Communities

You're a community leader. A listening ear and resource for the community.

Addressing Skin Health is more than what's at the surface; it goes deeper. We want to empower you to have a more meaningful understanding and awareness of skin health and how addressing it in our communities can positively impact so much more than meets the eye.

Join our Skin Health Workshop and learn to spot the signs, share smart guidance, empower those who need it the most, and connect with community leaders with a shared vision of a healthier New Orleans.

- Continental Breakfast provided.

Prof. Monique White
PHD, MPH

Chair, School of Population
Health Sciences

Prof. Jamara Foster,
MSN RN, CFCS
College of Nursing
